ALL KITS AVAILABLE INTERNATIONALLY WITH THE FOLLOWING PERMIT REQUIREMENTS:

CFIA-licensed;

CFIA-licensed for export ONLY – requires a permit to release veterinary biologics from CFIA in Canada;

All other kits above, except those marked with an asterisk (*), requires a permit to release veterinary biologics from CFIA in Canada. This product is not licensed by CFIA and any claims made have not been substantiated by CFIA;

CFIA: Canadian Food Inspection Agency

MFIA: Multiplexed Fluorometric Immunoassays

MKT-046-EN-V6 - REVISED 2025-10-16

BIOVET®

A DIVISION OF ANTECH®

BETTER DIAGNOSTIC,
BETTER MEDICINE.™

About Biovet

We operate a CFIA-accredited laboratory, offering a full range of innovative diagnostic services for veterinarians. Our team is always attentive to market requirements and developments and is committed to providing quality products and services every day.

Biovet is also the only Canadian company to develop, manufacture and market a range of high-performance multiplex serology products, ELISA diagnostic kits and qPCR products for animals.

Biovet holds a CFIA establishment licence for veterinary biologics (Licence No: 49).

EUROPE

NEARLY
100
DEDICATED
EMPLOYEES

In October 2019, Antech Diagnostics, a subsidiary of Mars Petcare, acquired Biovet. It was a natural merger of two like-minded organizations with a shared commitment to veterinarians. Now, we have more resources to work with, so we can make our service offering even better for our 800 clients.

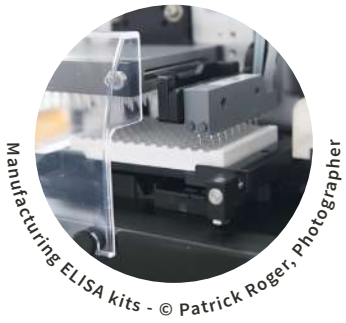
BIOVET Diagnostic Kits

HIGH PERFORMANCE ELISA KITS

FAST - EASY - CONVENIENT – RELIABLE

FAST	Results available in less than 2 hours or within 2.5 hours for most of those kits

Biovet manufactures diagnostic kits with the **highest quality assurance standards.**



HIGH-QUALITY qPCR KITS

FAST	Results in less than 90 minutes.
HIGHLY SENSITIVE	Limits of detection (LOD) around 10^2 copies per reaction.

Synthetic positive control allowing the setting of standard curves for a wide dynamic range of quantification.

Endogenous Control preventing false negative results.

RELIABLE	Trials validated in silico and with reference strains, field isolates and clinical specimens.
CONVENIENT	Uniform thermal conditions.

Detailed documentation including user manual, quick protocol and certificate of analysis.

MULTIPLEX	Allowing detection of several pathogens simultaneously in the same run.

MFIA DIAGNOSTIC KITS

Biovet MFIA diagnostic kits allow to **simultaneously** detect and differentiate antibodies to **multiple** agents or serogroups of a given agent **in a single assay**

CUSTOMIZED KITS	Biovet is currently producing customized kits with various antigen combinations **according to specific customer requirements**

Serotyping

MULTIPLEXED FLUOROMETRIC IMMUNOASSAYS (MFIA)

DISEASE / PATHOGEN	NAME AND DESCRIPTION	PRODUCT CODE	TESTS OR WELLS / KIT
Salmonella	xMAP® Salmonella Serotyping Assay Kit* by Luminex®	TRD-502	100

Bovine

LATERAL FLOW IMMUNOCHROMATOGRAPHY ASSAY

DISEASE / PATHOGEN	NAME AND DESCRIPTION	PRODUCT CODE	TESTS OR WELLS / KIT
Cryptosporidium	Bovine Enterichek® Crypto *	TRM-511	10
Rotavirus, coronavirus, Escherichia coli K99, Cryptosporidium	Bovine Enterichek® *	TRM-504	5 X 4

ELISA KITS

DISEASE / PATHOGEN	NAME AND DESCRIPTION	PRODUCT CODE	TESTS OR WELLS / KIT
Bovine Herpes Virus 1 (IBR)	Bovichek® BoHV-1 gB	TRM-550	192
Bovine Leukemia Virus	Bovichek® BLV	TRM-506	480
Foot-and-Mouth Disease	FMDV NSP-3B bELISA (multi-species)	TRM-574	480
Leptospira Pomona, L. hardjo	Bovichek® Lepto HP	TRM-533	192
Mycobacterium avium spp paratuberculosis	Bovichek® M. avium spp paratuberculosis (Johne's)	TRM-524	192
Mycoplasma bovis	Bovichek® M. Bovis	TRM-501	192
Neospora caninum	Bovichek® Neospora	TRM-500	192
Rotavirus-Coronavirus, Escherichia coli K99, Cryptosporidium parvum	Pathasure® Enteritis 4	TRM-507	96
Rotavirus-Coronavirus and Escherichia coli K99	Pathasure® Enteritis	TRM-503	96

Bovine [cont.]

PCR KITS

DISEASE / PATHOGEN	NAME AND DESCRIPTION	PRODUCT CODE	TESTS OR WELLS / KIT
Bibersteinia trehalosi	Bovichek® Bibersteinia trehalosi qPCR	TRP-099	50
BHV1-BRSV-BPIV-3, BCoV	Bovichek® BRM-Virus qPCR	TRP-036	50
M. haemolytica, P. multocida, H. somni, M. bovis	Bovichek® BRM-Bacteria qPCR	TRP-037	50
Staphylococcus aureus, Streptococcus agalactiae S. dysgalactiae and S. uberis	Bovichek® Mastitis multiplex qPCR	TRP-031	50
Mycoplasma spp & M. bovis	Bovichek® Mycoplasma spp and Mycoplasma bovis qPCR	TRP-032	50
Salmonella spp, Dublin, Typhimurium	Bovichek® Salmonella spp, Dublin, and Typhimurium qPCR	TRP-038	50

Companion animals

ELISA KITS

DESCRIPTION	NAME	PRODUCT CODE	TESTS OR WELLS / KIT
Enzyme Immunoassay for the Quantitative Determination of Endogenous Symmetric Dimethylarginine	SDMA ELISA *	TRM-594	96

PCR KITS

DISEASE / PATHOGEN	NAME AND DESCRIPTION	PRODUCT CODE	TESTS OR WELLS / KIT
Dermatophytes	Dermatophytes multiplex qPCR	TRP-1316	50
Protozoan parasites	Protozoan parasites multiplex qPCR	TRP-1317	50

CULTURE MEDIUM

DISEASE / PATHOGEN	NAME AND DESCRIPTION	PRODUCT CODE	TESTS OR WELLS / KIT
Dermatophytes	Dermatophytes *	TRM-560	10

Poultry

SEROLOGICAL KITS

DISEASE / PATHOGEN	NAME AND DESCRIPTION	PRODUCT CODE	TESTS OR WELLS / KIT
Influenza virus	Influenza Virus Type A multispecies	TRM-575	192
Mycoplasma synoviae and M. gallisepticum	Poultry Check MP® MS-MG	TRM-555	480
Mycoplasma synoviae, M. gallisepticum and Influenza virus	Poultry Check MP MS-MG-AIV Multiplex	TRM-593	480

Swine

ELISA KITS

DISEASE / PATHOGEN	NAME AND DESCRIPTION	PRODUCT CODE	TESTS OR WELLS / KIT
Actinobacillus pleuropneumoniae	Swinecheck® APP 1, 9, 11	TRM-514	192
	Swinecheck® APP 2	TRM-516	192
	Swinecheck® APP 3, 6, 8, 15	TRM-517	192
	Swinecheck® APP 4, 7	TRM-518	192
	Swinecheck® APP 5a, 5b	TRM-515	192
	Swinecheck® APP 10	TRM-519	192
	Swinecheck® APP 12	TRM-520	192
	Swinecheck® APP 13	TRM-599	192
	Swinecheck® mix-APP 1-2-9-11, 3-6-8-15 and 4-5-7	TRM-537	3 X 192
	Swinecheck® mix-APP 10-12	TRM-538	192

Swine [cont.]

ELISA KITS [SUITE]

DISEASE / PATHOGEN	NAME AND DESCRIPTION	PRODUCT CODE	TESTS OR WELLS / KIT
Foot-and-Mouth Disease	FMDV NSP-3B bELISA (multi-species)	TRM-574	480
Haemophilus parasuis	Swinecheck® HPS	TRM-521	192
Influenza virus	Influenza Virus Type A multispecies	TRM-575	192
	Swinecheck® H1N1	TRM-512	192
	Swinecheck® H3N2	TRM-513	192
Porcine Circovirus type 2	Swinecheck® PCV2 IgG indirect	TRM-559	192
Porcine Epidemic Diarrhea virus	Swinecheck® PED indirect	TRM-556	192
Senecavirus A	Swinecheck® SVA bELISA	TRM-567	192
Transmissible Gastroenteritis Virus	Swinecheck® TGEV Recombinant	TRM-539	480
Transmissible Gastroenteritis Virus, Porcine respiratory coronavirus	Swinecheck® TGEV/PRCV Recombinant	TRM-535	192

PCR KITS

DISEASE / PATHOGEN	NAME AND DESCRIPTION	PRODUCT CODE	TESTS OR WELLS / KIT
Influenza	Swinecheck® Influenza A virus PCR	TRP-045	50
Porcine circovirus type 2 and type 3	Swinecheck® PCV2-PCV3 duplex qPCR	TRP-1315	50
Porcine epidemic diarrhea virus, Porcine deltacoronavirus, Transmissible gastroenteritis virus	Swinecheck® PEDV-PDCoV-TGEV triplex qPCR	TRP-101	50
Porcine respiratory multiplex (PRM): Influenza A viruses, Mycoplasma hyopneumoniae, M. hyorhinis, and Glaeserella parasuis	Swinecheck® MRP qPCR	TRP-046	50
Porcine Reproductive and Respiratory Syndrome Virus	Swinecheck® PRRSV MLV-ATP-FOS qPCR	TRP-1300	50
	Swinecheck® PRRSV type 1 and 2 qPCR	TRP-1310	50
Rotavirus A and C	Swinecheck® Duplex Rotavirus A and C qPCR	TRP-102	50

Swine [cont.]

MFIA KITS

DISEASE / PATHOGEN	NAME AND DESCRIPTION	PRODUCT CODE	TESTS OR WELLS / KIT
Actinobacillus pleuropneumoniae	Swinecheck MP® APP 1-9-11, 2, 3-6-8-15, 4-7, 5, 10 & 12	TRM-578	480
Mycoplasma hyopneumoniae	Swinecheck MP® M. hyopneumoniae	TRM-600	480
Porcine Reproductive and Respiratory Syndrome Virus	Swinecheck MP® PRRSV type 1 & 2	TRM-598	480
Porcine Reproductive and Respiratory Syndrome Virus & M. hyopneumoniae	Swinecheck MP® PRRSV type 1 (EU) and 2 (NA), M. hyopneumoniae	TRM-601	480
Porcine Reproductive and Respiratory Syndrome Virus, Swine Influenza Virus type A, Porcine Circovirus type 2 & M. hyopneumoniae	Swinecheck MP® PRRSV, SIV, PCV2 and M. hyopneumoniae	TRM-554	480

Biovet manufactures diagnostic kits with the highest quality assurance standards.
